

Edna G Olds Academy

A L.E.A.D. Academy

Class Teacher – Class Teacher with TLR for [leading STEAM and developing finest research led practice](#)

Contract: Full time

Edna G. Olds Academy

ECT's considered: No

Start Date: September 2022

*Edna G. Olds Academy is seeking to recruit a talented leader and class teacher with a TLR to lead on the refinement and implementation of research led best practice, neuroscience work and STEAM philosophy. We are looking for an inspirational teacher to lead, coach and develop mastery practice based upon the finest research led practice models. This exciting opportunity will empower colleagues' professional knowledge and high-quality STEAM practice, as well as play a significant role in leading developmental aspects for our pupils' inquisitive and creative learning journeys.*

We are looking for an inspiring teacher who can continue to develop our children's love of learning, and help them to explore and understand the world around them.

This is a fantastic opportunity to join a school that truly values the development of their staff. The successful candidate has the opportunity to benefit from our personalised coaching and CPD programme.

Our children are fantastic, we have excellent relationships with parents and the community, and benefit from very supportive governors and a strong staff team working across the school. As an Edna G. Olds practitioner you will teach amazing children and help further their education. We pride ourselves on our high academic performance and really value creativity across the curriculum. In our most recent Ofsted inspection (March 2019) HMI noted 'the ambition that all staff have for pupils is uncompromising'. We offer exciting, hands on learning for our children, with an outdoor learning programme which provides them with opportunities to learn through experience.

You would join one of our very supportive Key Stage year groups from September 2022 as well as work across the school developing STEM practice. Applications from established leaders and teachers are welcomed.

**We are looking for someone who can offer the following attributes:**

- has a passion for working with primary age children and inspiring a STEM curriculum
- is an inspirational teacher with a caring and adaptable approach to teaching children of all abilities
- has a love of teaching both in the classroom and outside
- can offer creativity in leading planning and developmental learning across the curriculum
- is a great team player involving all members of the school community
- shares a belief that motivated children can achieve whatever they set out to achieve
- has an open and informed approach to developments in assessment and learning.
